Total: Rs. 3,05,000/- (Rupees Three Lakh Five Thousand only). All amounts were converted to Bitcoin and remitted to wallet 1Ki745KHqUXwkTxZ1x6738f839VDq7UwYk.

7. BRIEF FACTS OF THE CASE

A recruiter on WhatsApp offered the complainant a part time job: like and subscribe to videos for daily task payments, with a bigger referral bonus for recruiting friends. After completing 20 tasks he was told he had to pay a refundable deposit in crypto to unlock his earnings.

The complainant sent a total of Rs. 3,05,000/- in six instalments, converted to Bitcoin and remitted to wallet address 1Ki745KHqUXwkTxZ1x6738f839VDq7UwYk, and never received anything back. The recruiter subsequently stopped responding and removed the complainant from the WhatsApp group.

The complainant thereafter registered complaint NCRP/2026/DL/41893 on the National Cyber Crime Reporting Portal. It is prayed that the said wallet address be traced through blockchain analysis, the recipient virtual asset service provider be identified, and appropriate preservation and disclosure directions be issued under Section 94 of the Bharatiya Nagarik Suraksha Sanhita, 2023 for recovery of the defrauded amount.

8. ACTION TAKEN

The above information having disclosed the commission of a cognizable offence, the case was registered and investigation was taken up. The digital asset particulars at Item 5 have been forwarded to the Cyber Forensic Analysis Unit for on-chain tracing.
